“ Having placed several professional football teams at Castleknock Hotel, I am pleased to say that each one was handled expertly by the hotel management and staff. From the planning of bedrooms, meals and meetings to eventually greeting the team arrivals and ensuring that their requirements were met throughout, the hotel did an amazing job. The layout of the hotel works really well and bedrooms are tasteful and pleasant in design. The hotel setting is in a peaceful location and has great access between the airport and stadium venues as well as being very close to Sport Ireland Campus which offers training pitches for hire. I would definitely consider Castleknock Hotel for any sports team playing or training in Dublin. ”

Testimonials

“ During our time working with the Fiji Rugby team, Castleknock Hotel provided an exceptional base. The team facilities are of a phenomenally high standard, with access to recovery areas, a pool, and a fully equipped gym. The dedicated private area for teams was ideal—complete with breakout rooms that allowed our coaches and management to work efficiently with smaller groups. The proximity to the lobby gave us easy access to the coffee dock and the chance to interact casually with the public when needed. Athlete nutrition was well supported with a fantastic range of food options tailored for performance and recovery.

Rooms were spacious, comfortable, and offered great privacy. The location was also perfect, with nearby sports grounds and Blanchardstown Shopping Centre just a short distance away.

A great all-round setup for any professional sports team. ”

Testimonials

“ You go through several Rugby destinations in the World to play for 80 minutes and some of the best experiences when you look back at all the destinations you go to are held very close to our hearts ,It might not be just because of the places you visit or the food you eat , for me the most memorable ones deal with the connection that we make with people we cross paths with in our travels ... The Castleknock experience in Dublin is right up there with the best in the World in terms of the connection they made with us as Team. The Staff and the service provided to us in a Cold Dublin Week has nothing short than a home experience on the road and far away from home. The warmth and the care shown to us in our Weeklong stay is unforgettable!!! I would recommend Castleknock to any touring team in Dublin as an institution that not only understands High Performance but one that would provide that homely touch to your stay. ”
